

PEP BAND

For the 2016-2017 school year, students that are enrolled in Band are members of the Maverick Pep Band. Students are expected to participate in Pep Band, and will be graded according to the classroom grading (listed below) for Whitewater's home games ONLY. It is the student's choice to participate in Pep Band during the other regular season and post-season games. Performing at games held at Saco and/or Hinsdale will be counted as extra-credit. The Whitewater School provides the Pep Band rides to Saco and/or Hinsdale and back to Whitewater.

Students in music class will be graded in 2 or 3 areas: class grades, assessment grades, and **performance grades** if this applies.

1. Every music class, students can earn up to 10 points for behavior, participation, and knowledge of the content. 10 points means the student is behaving correctly and going above and beyond for participation.

2. Students will have assessments throughout music class. Many assessments are based on observation of the student correctly performing or attempting to correctly perform a musical element. Some grades may have a written assessment or performance based assessment.

3. If a student is performing in a concert or at a Pep Band event, their effort to sing and perform will be graded.
